

NEWS LETTER

Praise the Lord for His goodness! For the last 3 years the marijke foundation meeting the physical and spiritual needs of most unfortunate Tsunami Victim orphan children India. The Bible says in Pr. 19:17 “He that hath pity upon the poor lendeth unto the LORD; and that which he hath given will he pay him again.” How true His Word is!! God has been “re-paying” in a great way and I praise Him for it

Our Vision

To see at least one Christian standing beside every orphaned, abused and incarcerated child helping them pursue God's plan and purpose for their life.

Our Mission

To serve and minister to the physical, spiritual, emotional, and educational needs of orphaned, abused and incarcerated children.

Many Christians seem to miss the great purpose of being saved by the grace of God. The purpose of salvation is not just to receive peace and blessings, get into heaven and enjoy eternal life, but also to do good works on earth. The Holy Bible clearly reveals that Jesus Christ “gave his life to free us from every kind of sin, to cleanse us, and to make us His very own people, **totally committed to doing good deed**” (Tit. 2:14, NLT). It is also written in Ephesians 2:10, “For we are God's workmanship, **created in Christ Jesus to do good works**, which God prepared in advance for us to do.” Many of us look ignorant about the reason of our existence on earth, which is not primarily to receive great things, but to do good things for which God has created us in Christ Jesus.

At present there are 25 children between the age group of 6 –16 yrs with 13 Boys and 12 Girls. And 10 widows who lost their husbands and children who stay along with children to take care of children with love

REPORT FOR THE LAST EIGHT MONTHS JANUARY 2011 TILL OF AUGUST 2011

Dear Brother/Sister

Grace & Peace in the name of Jesus Christ. God has been gracious and vigilant as he watched over us during all the previous months.

Earlier

in August a large snake was discovered in the children sleeping room. Praise God, none of the children were in the room at the time and no one was harmed.

Recently God helped our children back to school with good health , a contagious viral infection took hold of all of the children, we experienced 15 difficult days of fevers & couldnot attend school were bedridden. Shailaja and Sudha were, due to high fevers admitted to the hospital. Praise God and with your prayers we are all healthy now and all of the children are actively engaged with their studies. Their first mid-term exam results were good they topped in rank and had the extra advantage of encouraging the children to concentrate even more on their studies

Chandini ranked Top in her academics in district

Activities for the Children

The Day will Begin with prayer and Bible Reading

Education – All children above the age of 5 are registered into a local Private school which is 3 km walk from NK Palli Home. The children syllabus includes Mathematics, Science and Telugu (the native language of Andhra Pradesh). English is also taught once the children are 6 years of age, provides the children with stationery and school uniform as well as funding their school fees

Food and Health Care – The children are provided with a well balanced and nutritious diet which is prepared by committed widows by name rani and sara lives with children Home . Lunch is provided by the school for the children below 12 years of age. Any health care issues that arise are dealt with by Dr. paul.

Training and Developing Skills – The children are trained in many different fields to ensure that they are able to become independent in the future.

We are close to meeting our financial requirements for the children's academic needs. We need 4 months of school fees.

VISION:

This is our Future Ashram

Construction of Marijke Peace ASHRAM Building/Rehabilitation Centre for Children – We would like to build a new modern building to vastly improve the living conditions of our children. This new building would also support a rehabilitation centre offering medical support to any child even those that do not reside in our orphanage. We would also offer a health and widows rehabilitation centre to the deprived widows. A Volunteer accommodation block would also be constructed.

The cost of such a project could total approximately  € 22,50000 and would be looking for grants to fund this project. We are waiting for other tenders.

Vehicle – To purchase a vehicle to transport the children, delivery food and raw materials. As well as using the vehicle as a mobile medical unit to allow medical camps to offer. To utilize the vehicle daily to also support the roadside destitute, delivering food and first aid to the disabled and street children in our surrounding areas.

Play Ground – The construction of a play ground and field for sporting activities.

We plan **Gardens and cultivated land** – To grow plants of fruits and vegetables and cultivate rice to operate a mini dairy and poultry farm, which would provide the children with fresh milk and eggs as well as manure to fertilize the fields. This would also generate some income.

Immediate needs

Pressure Cooker (12 Litres) x 2 Units one for cooking rice and another for Vegetarian Food

Require Prestige Pressure Cookers cost  €84

School Uniform & shoes per Term 2011-12

2 sets for 4 children cost  € 38.50 per child

I want to say a big “Thank You” to those who have and are giving to the Thank you to you all for your ongoing support and encouragement for this important project.

Dear brothers and sisters, just pause for a minute to think of the orphans. If they are refused to show love and care, will it not have a negative impact on their childhood – and possibly on what they become in adulthood? The way they interact with people, the way they react to situations – won't all these be pathetically different if they grow up without proper parental love and care?
